PROFESSIONAL SUMMARY

UI/UX Designer and Product Designer with 3.8 years at Alstom (Fortune 500). Contributed to 4 international metro systems (Beijing, Paris, Perth, New York) with zero post-deployment errors. Built design systems with 200+ components used by 50+ engineers. Conducted 15+ usability studies driving 25% improvement in efficiency. Expert in Figma, Design Systems, User Research, WCAG Accessibility. M.Tech Software Engineering. AI-native workflow (Cursor, Claude Code) for 3x faster prototyping.

KEY SKILLS

UI Design, UX Design, Product Design, Figma (Expert), Adobe XD, Sketch, Framer, Design Systems, Component Libraries, User Research, Usability Testing, A/B Testing, Journey Mapping, Information Architecture, Wireframing, Prototyping, Interaction Design, Visual Design, WCAG 2.1 AA, Accessibility, Mobile App Design, Responsive Design, Agile, Scrum, Jira, HTML, CSS, JavaScript, Git, Cursor, Claude Code, Figma Make, Hotjar, Mixpanel

WORK EXPERIENCE

UI/UX Designer & V&V Specialist | Alstom (Fortune 500) | Sep 2022 - Present | Bengaluru

- Contributed to 4 international metro systems (Beijing, Paris, Perth, New York) - designed high-fidelity Figma prototypes validated to zero post-deployment errors
- Built design system with 200+ reusable components, design tokens, interaction patterns - adopted by 50+ engineers across India and Paris, reducing handoff time by 40%
- Conducted 15+ structured usability studies using contextual inquiry and task analysis - established KPI frameworks driving 25% improvement in user efficiency
- Implemented AI-native workflow (Cursor, Claude Code, Figma Make) - reduced prototyping time by 3x
- Created 50+ wireframes per project - translated complex requirements into intuitive designs
- Collaborated cross-functionally with teams in India and Paris using Jira and Agile methodology
- Documented design specifications for engineering handoff - zero design debt

PROJECTS

WhatsApp WCAG 2.1 AA Accessibility Redesign

WCAG audit and redesign - rebuilt color system (4.5:1 contrast), created 50+ accessible components, designed one-handed flows, validated with 10+ participants

Wear OS UPI Payment Application

End-to-end product design - analyzed 5+ payment apps, mapped 8 user journeys, designed Figma prototype for circular display and LTE-based transactions

AI Workflow Automation Tool

Built productivity tool using Claude Code and Node.js - automates document generation via Playwright

EDUCATION

M.Tech Integrated Software Engineering - Vellore Institute of Technology (VIT), Chennai | 2018-2023

CERTIFICATIONS

Complete Web & Mobile Designer: UI/UX, Figma + more - Udemy (2025)

Design Thinking: Data Intelligence - LinkedIn Learning (2025)

TECHNICAL SKILLS

Design: Figma (Expert), Adobe XD, Sketch, Framer, FigJam, Photoshop, Illustrator

Research: Usability Testing, User Interviews, Contextual Inquiry, A/B Testing, Card Sorting, Journey Mapping

Accessibility: WCAG 2.1 AA, Screen Reader Testing, Inclusive Design

AI Tools: Cursor, Claude Code, Figma Make, Google Stitch, v0

Development: HTML, CSS, JavaScript, Node.js, Git

Analytics: Hotjar, Mixpanel, Amplitude

PM: Jira, Confluence, Notion, Agile/Scrum

ACHIEVEMENTS

- 4 international metro systems with zero post-deployment errors
- Design system adopted by 50+ engineers across 2 countries
- 40% reduction in design-dev handoff time
- 15+ usability studies driving 25% improvement in efficiency
- 200+ reusable Figma components
- 3x faster prototyping through AI workflow
